Have you ever wondered what your pet is thinking? Why do they behave the way they do? And what can their behavior tell us about ourselves?

In his groundbreaking new book, *Calibrated Instinct*, renowned animal whisperer Strenik reveals the hidden connections that shape our interactions with the animal kingdom and ourselves. Drawing on decades of experience working with animals of all kinds, Strenik offers a unique perspective on the psychology of both animals and humans.

*Calibrated Instinct* is a fascinating exploration of the animal mind, offering insights into:

- The different ways animals communicate

- How animals perceive the world around them
- The emotional lives of animals
- The role of instinct in animal behavior
- The ways in which animal behavior can mirror human behavior

Through engaging stories and real-world examples, Strenik shows us how animals can teach us about ourselves and our place in the world. He reveals the surprising ways in which animal behavior can help us to understand our own emotions, relationships, and motivations.

Calibrated Instinct is an essential read for anyone who loves animals, is interested in human nature, or simply wants to learn more about the fascinating world around us. It is a book that will change the way you think about animals and yourself.
