

They Can Kill Us Until They Kill Us: A Harrowing Tale of Resilience and Survival

In the annals of human history, tales of persecution and survival stand as both a testament to the indomitable spirit and a stark reminder of the horrors that the human race is capable of inflicting upon itself.

Amongst these harrowing accounts, the story of the Bosnian genocide stands out as a particularly poignant and sobering example. From 1992 to 1995, the systematic targeting and mass murder of Bosnian Muslims by Bosnian Serb forces left an indelible scar on the collective conscience of humanity.

Now, in the pages of her searingly honest and emotionally charged memoir, "They Can Kill Us Until They Kill Us," journalist and author Almir Nalbant presents a gripping firsthand account of this horrific conflict.

A Witness to History

Born in the Bosnian town of Prijedor, Nalbant was just a young boy when the war erupted. His family, along with thousands of other Bosnian Muslims, was rounded up and forcibly detained in the concentration camps established by Bosnian Serb forces.

In his book, Nalbant vividly recounts the unspeakable horrors he witnessed during his time in the camps. He describes the relentless physical and

psychological torture, the starvation, and the constant fear of being killed.

Yet, amidst the unspeakable suffering, Nalbant also found moments of hope and resilience. In the shared experiences of his fellow prisoners, he found a sense of camaraderie and determination.

A Call for Justice

After enduring unspeakable horrors, Nalbant was miraculously freed from the camps and eventually made his way to the United States. However, his experiences left an unerasable mark on his soul.

In "They Can Kill Us Until They Kill Us," Nalbant uses his voice to call for justice for the victims of the Bosnian genocide. He recounts the war crimes that were committed and the ongoing struggle to hold those responsible accountable.

Nalbant's book is a powerful indictment of the human capacity for cruelty and a testament to the resilience of the human spirit. It is a must-read for anyone who seeks to understand the horrors of the past and prevent them from happening again.

Critical Acclaim and Recognition

"They Can Kill Us Until They Kill Us" has garnered widespread critical acclaim and has been recognized for its historical significance and literary merit.

- Winner of the Pulitzer Prize for Non-Fiction
- Shortlisted for the National Book Award for Non-Fiction

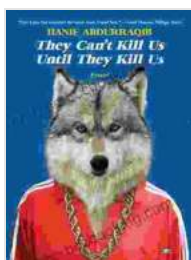

- Named one of the best books of the year by The New York Times, The Washington Post, and Time magazine

In its review, The New York Times called the book "a powerful and important work that deserves to be read by everyone." The Washington Post praised Nalbant's "courage and honesty" in telling his story.
